Gati expands its ops: City-based logistics player Gati on Thursday said it is expanding its operations across eight logistics nodes, namely Noida, Kolkata, New Delhi, Bangalore, Mumbai, Ahmedabad, Nagpur and Ambala by adding up to 8 lakh sft space. "This will result in an over two-fold increase in distribution and warehousing capacities at these supply chain demand points," it said. This apart, the company said it has purchased 125 new trucks in March and is planning to use electric vehicles on a pilot basis for intra-city service operations from next quarter. TNN
